# How to Use the Google Classroom App
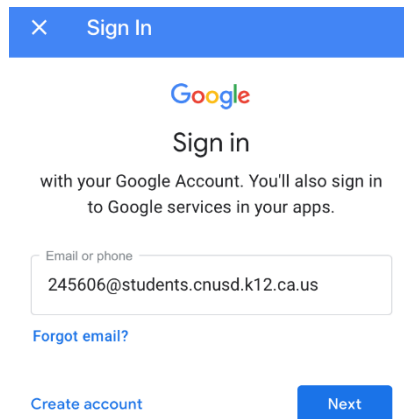

**Step 1:** Download the App from your App Store

**Step 2:** Open the App and Click "Get Started"

Step 3: Sign in with your CNUSD email address. It is your student id number followed by @students.cnusd.k12.ca.us
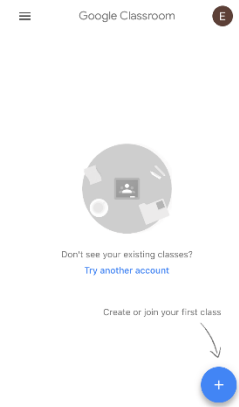

Step 4: Once you have entered your email, the app will direct you to the CNUSD log in page. Type in ONLY your id number and password (you do not need the full email address again). Then click "Sign in"
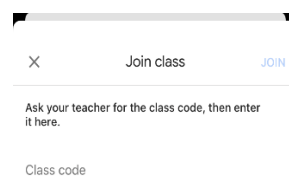

Step 5: Google Classroom will ask if you would like to receive notifications. I strongly recommend clicking "Allow" so you do not miss assignments and reminders from your teachers. However, this is up to you.

Step 6: If you are not already in a class, click the plus sign to join a class.

Step 7: Enter the class code provided by your teacher. If you have not been provided a class code, contact your teacher to receive one. Please be aware that teachers have different codes for different class periods.

Step 8: You are ready to start learning!

NOTE: If you plan on completing assignments <u>only</u> through your phone with the Google Classroom app, you will also need to download other Google features (Google docs, Google slides, or whatever your teacher is utilizing) in order to complete your assignments. THEY ARE ALL FREE!
