

Log onto Canvas/TurnItIn.com from Home

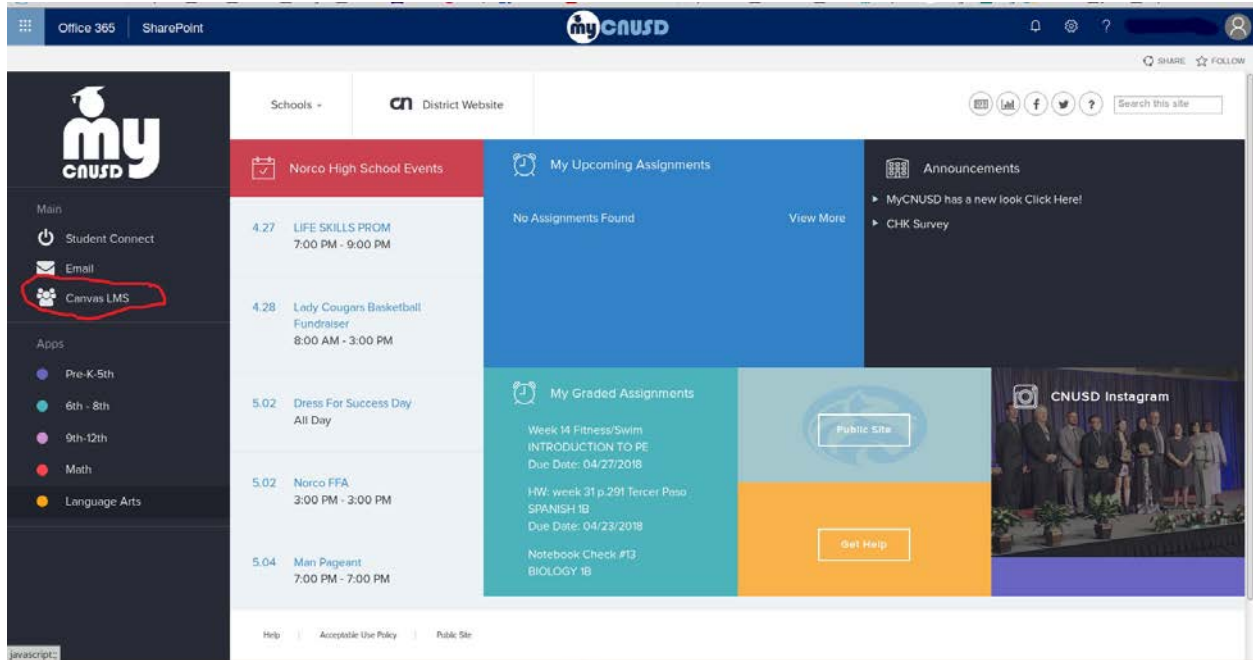

Go to the school's website: <https://norcohs.cnusd.k12.ca.us/>

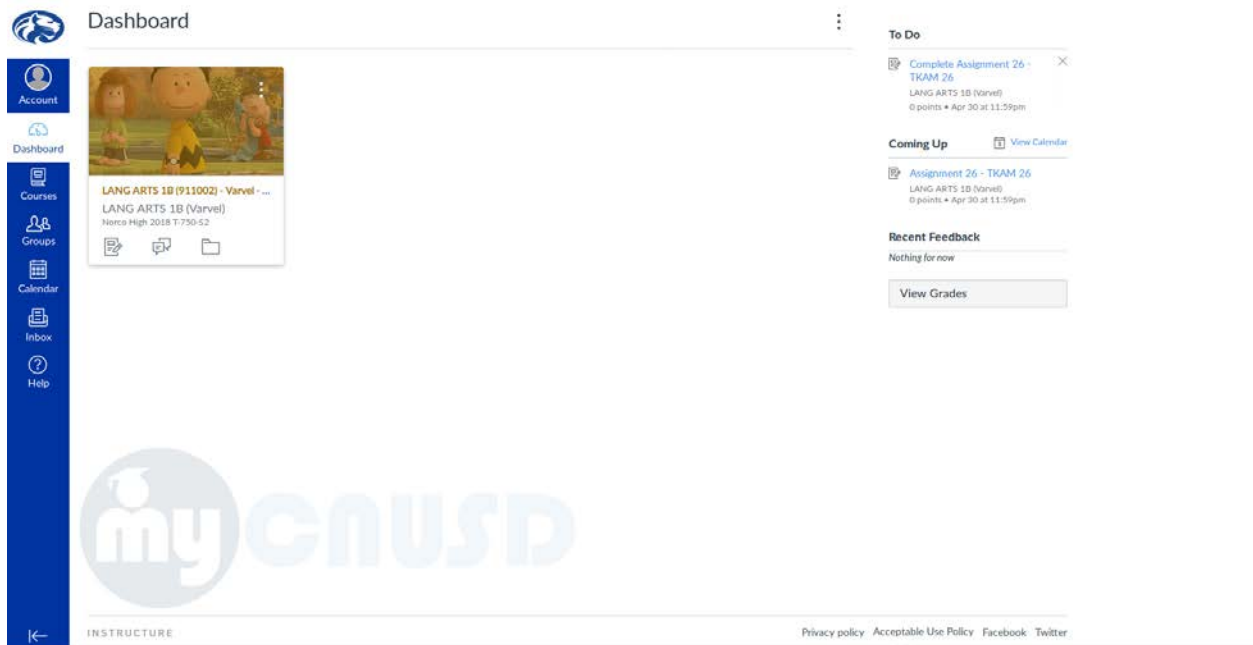

Click on the top-center “my CNUSD” icon. You will then need to sign in with your six-digit student ID number with the district suffix. Example: 123456@students.cnusd.k12.ca.us.

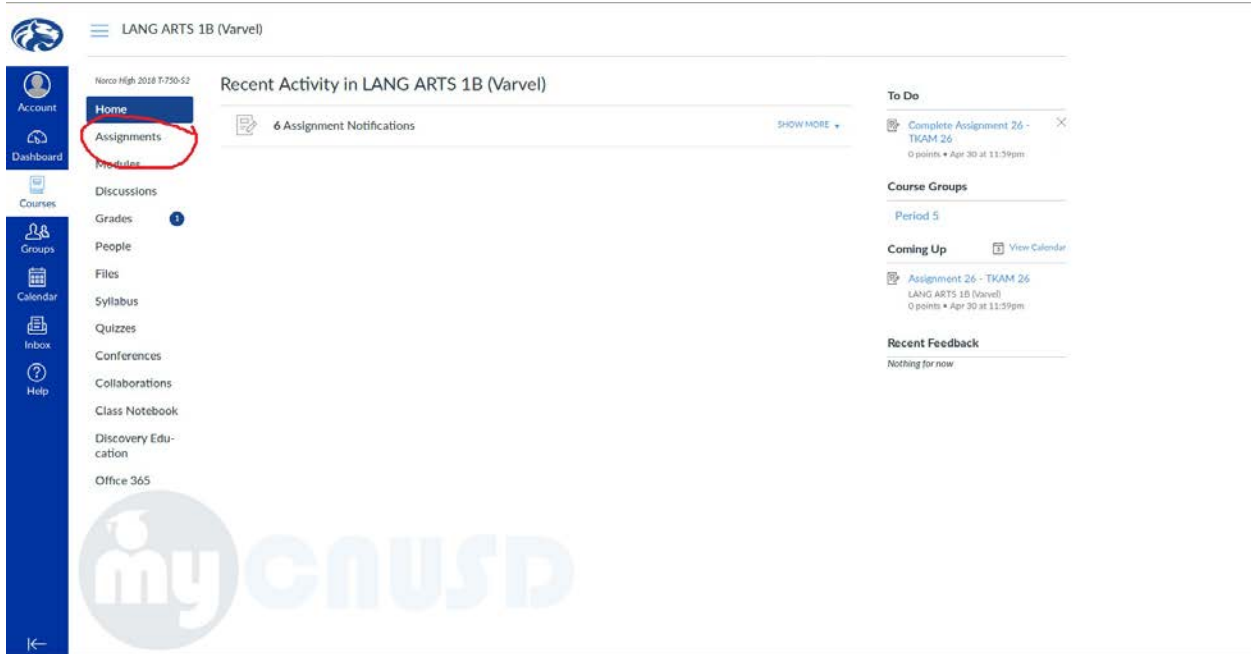

On the left-hand column, choose “Canvas LMS.”

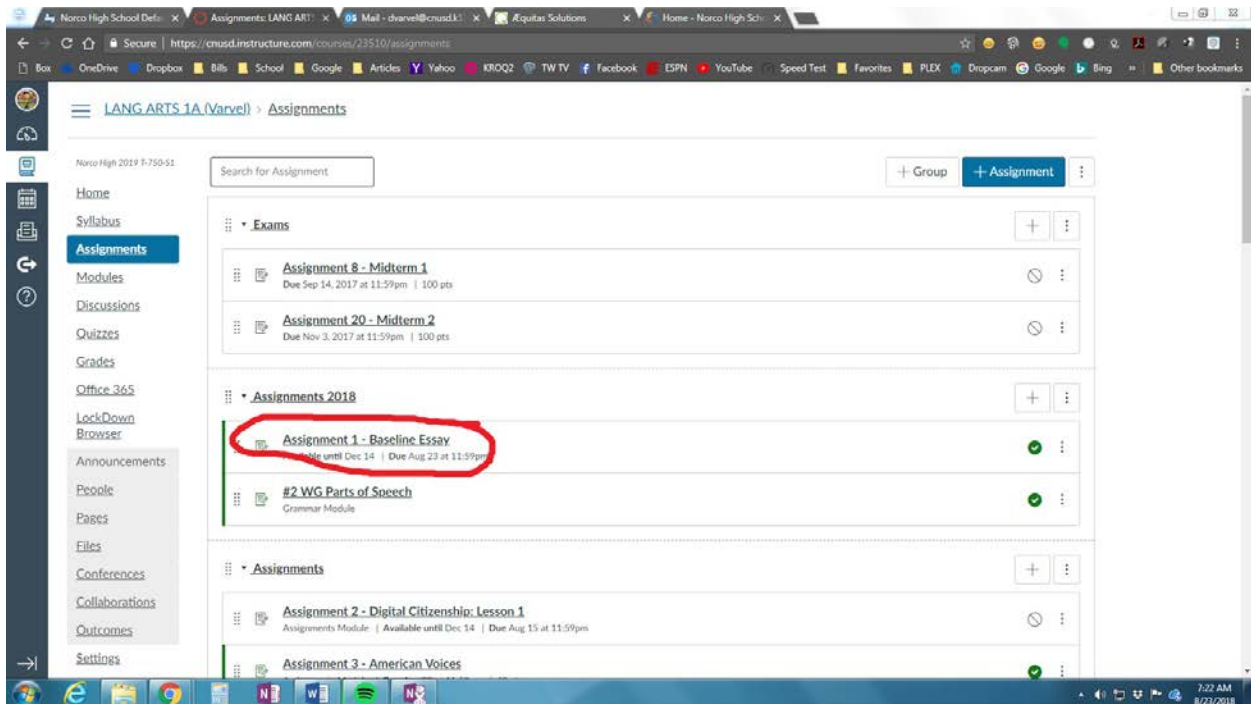

Depending on how many teachers are using Canvas, you will see different options at this screen.

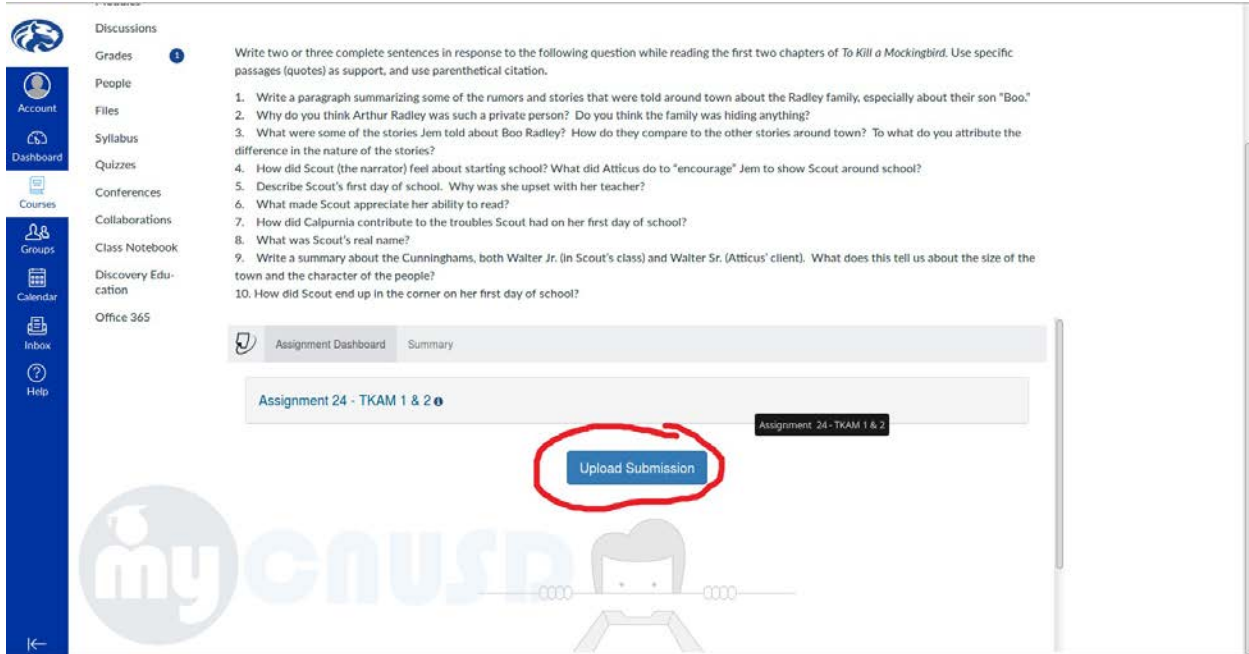

Click on the class and go to “Assignments.”

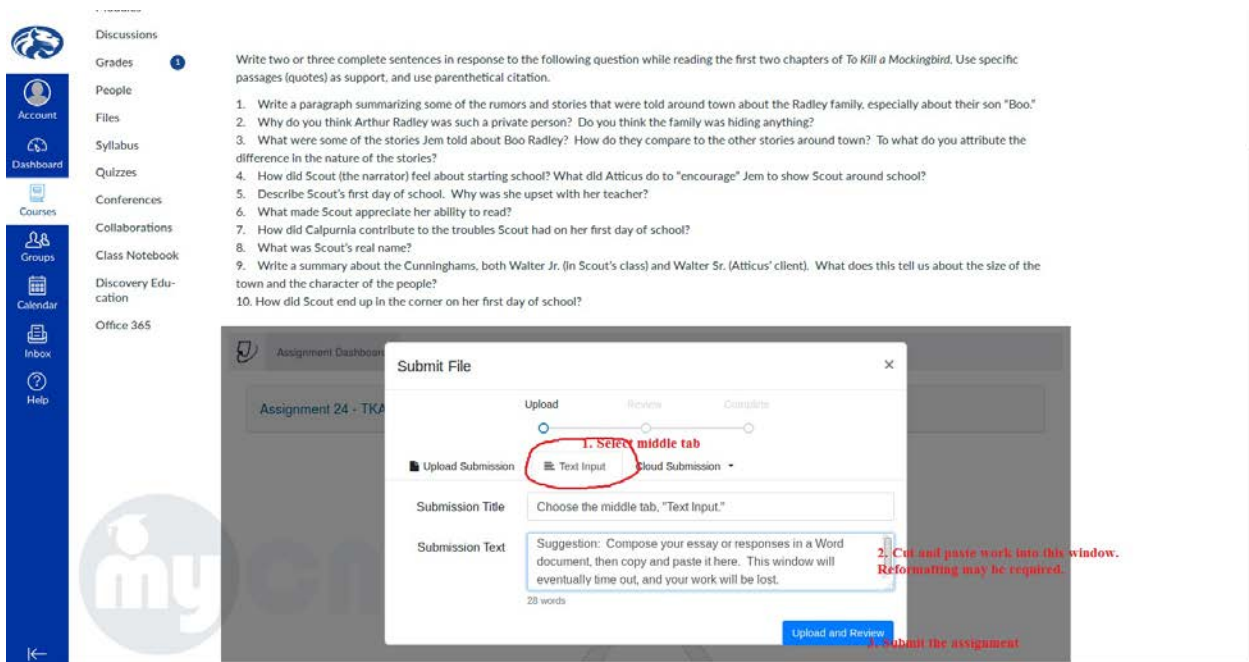

Choose the assignment you wish to submit.

Select "Upload Submission."

Be certain to select the middle tab "Input Text." Suggestion: Do not compose directly into this page. Students have reported that the system times out and their work is lost. Compose in another document, then cut and paste into Canvas/Turnitint.com. Reformatting may be required.

Make sure you have reviewed your submission and confirm that it was uploaded.
